

CLEAN MOBILITY FORUM

SPONSORSHIP OPPORTUNITIES

The 2023 Clean Mobility Forum, hosted by California Air Resources Board (CARB) and the Clean Mobility Options Program Administrator Team (Calstart, SUMC, CivicWell), serves as a gathering of mobility project implementers, stakeholders, and experts in the field from across the state. As a practitioner-focused event, the 2023 Clean Mobility Forum aims to provide capacity-building, resources, and networking opportunities for Clean Mobility Equity Alliance (CMEA) members, mobility project partners, and stakeholders.

**And you can
help make it
possible!**
